**Program Description :**

Mathematical sciences include the disciplines of pure mathematics, applied mathematics and statistics. Mathematicians and statisticians use representations of abstract ideas and relationships to solve problems, in order to arrive at a general understanding of how these representations work, as well as how they could be applied. Mathematical sciences majors learn complex analytical and problem-solving skills while exploring a range of mathematical topics and problems.

**Admission Requirement :**

- 12th Science with Grade Point Average 3.0 in High School.

**General Checklist :**

English Language Score Card: TOEFL or IELTS should be send directly to University electronically.
