Program Description :

The Bachelor of Arts in Architecture course offers a liberal arts and technical program for students with a special interest in architectural studies, and successful completion provides the basis for direct entry into to the Master of Architecture program. In the three years of the degree, students will study design, history, theory, technology and representation, and work towards an analytical approach to the dialogue between architecture, site, program, and landscape. Material and tectonics are investigated; form and space are explored within a diversity of cultural and environmental settings. The program promotes critical approaches to architecture and the city.
