### **Program Description :**

The Department of Chemistry offers courses of study leading to the MS degree with opportunities for research in all major sub-disciplines: biochemistry, analytical, inorganic, organic, physical and theoretical/computational chemistry. The 4:1 student-to-faculty ratio assures students of individual guidance, yet the total size of the department provides excellent research facilities, as well as opportunities for collaborative and interdisciplinary study.

### **Admission Requirement :**

- The student must have a Cumulative grade point average of 3.0 and higher with an accredited institution.

### **General Checklist :**

- Bachelors all semester mark sheets and Degree Certificate.
- Grade 10th and 12th Mark sheets
